W.R.BERKLEY

TASK have been privileged to be part of this prestigious project for W.R.Berkley, which showcases significant pieces from Marelli, where comfort and elegance seamlessly merge to create an amazing workspace interior.

The Joy armchair, paired with Stripe booths, forms a cozy and functional breakout and seating area, perfect for meetings or relaxing breaks. These armchairs, chosen for various locations within the workspace, feature different finishes to maintain a consistent yet versatile look that offers both comfort and elegance. A corner L-sofa with walnut wooden panels and grey fabric beautifully complements the surroundings, delivering a modern and Scandinavian-inspired aesthetic.

This thoughtfully designed space exemplifies the perfect blend of style, functionality, and comfort.
